LIFT appreciates all those who participate in Judge for a Day and all those who take the time to give us their feedback. Here is a small sample of what we have heard from recent participants:

- “This was truly eye-opening.”
- “I salute the diligent, compassionate, and energetic professionals who work in Family Court.”
- “I want to say to LIFT: keep up the good work!”
- “The program was great and the Judge was an amazing and informative host. LIFT sounds like a great source for need for those who need it most.”
- “Having the opportunity to see LIFT and others in Family Court in action provided me with a much better understanding of the Family Court system, the challenges it faces and its success stories. It was an extremely rewarding experience.”
- “Thank you for arranging for the David Rockefeller Fellows to participate in the Family Court Judge for a Day program. I know the Fellows found the morning’s proceedings eye opening and informative. I am very pleased that another class of Fellows got the opportunity to see first-hand the dedication of LIFT and the important impact of your work.”
- “This was an excellent program and very educational”
- “It was appalling to see that a decision on a kid’s life is made in 90 seconds and then you move on to the next case. But I also felt empathy for the judge and the lawyers and all the other people at court who are trying to do the best they can give the volume. It was eye-opening, horrifying, and fascinating at the same time.”
- “I have gained a clearer understanding of how cases are managed and the various complexities of how cases are managed and the various complex issues that sometimes prevent a case from moving in the direction that one would prefer.”
